

Meeting the Challenges of End of Life Care for People with Advanced Kidney Disease

Dorothy House Hospice Care
Thursday 29th April 2010 13.30 – 16.45

This study afternoon aims to identify the end of life care needs of patients with advanced kidney disease, and to explore the challenges for the multi professional team in meeting these needs.

➤ **Provisional outline for the afternoon:**

- ◆ Overview, *Anne Alsop, Education Facilitator*
- ◆ Advanced kidney disease: the hospital perspective, *Dr Helen Campbell, Renal Consultant, North Bristol NHS Trust*
- ◆ Transition from hospital care to community care, *Ann Banks, Kidney Supportive Care Nurse, North Bristol NHS Trust*
- ◆ Role of specialist palliative care, *Dr Patricia Needham, Palliative Care Consultant, Dorothy House Hospice Care*
- ◆ Meeting the needs of patients and their families: opportunities and challenges for collaborative working.

Who should attend?
